GREAT INSURANCE CO.

Will Have Five Millions of Capital And Five Millions Surplus. -Louisville Men Are Organizers.

W. H. Gregory, president of the Citizens' Life Insurance Company; Helm Bruce, the general counsel of that company, and a number of the other officers have announced their plans for organizing in Kentucky a ten-million-dollar life insurance company. The company is to have five millions of capital and five millions of surplus, and the promoters declare its purposes will be to write life insurance and to reinsure other companies.

Its charter will authorize it to write both participating and nonparticipating insurance. According to President Gregory's announcement, the home office and headquarters of the new company will be located in Louisville, but its legal home will be at Beechmont or some other incorporated town outside of the city limits of Louisville. The purpose in incorporating the company outside the city of Louisville is to save city taxes, which on such corporation as 18 planned would amount to thousands of dollars a year.

ONE OF LARGEST IN WORLD.

Mr. Gregory says that the organization of the company will be a big Bros. Lowey and Will. thing, not only for the city of Louisville, but the State of Kentucky, as it will give to the city and State one of the largest life insurance companies in the world. He says that it will become a good feeder for the banks of the State and the entire South, and will aid in making Louisville a financial center just as the big Eastern life insurance companies have made the banks of New York was suspended for a time and a Childominut powers in the financial dren's Day program was rendered world. The people of Kentucky alone are now paying for ordinary life insurance more than six and onehalf millions of dollars annually, and he says the interest earnings on this sum alone if kept at home would be of untold advantage to the State.

OFFICERS OF NEW COMPANY.

Many of the officers in the Citizens Life Insurance Company will be officers of the new corporation. W. H. Gregory will be the president of the big company and Helm Bruce will be the general counsel. Chas. D. Pearce, the banker, of Maysville, will be first vice president of the new pany and L. W. Key, of Mayfield, will be treasurer, R. Fisher, of Paducah, J. Whit Potter, of Bowling Groen, Geo. Bohon, of Harrodsburg, and Geo. Alexander, of Paris, all of whom are directors in the Citizens' Life Insurance Company, are among the promoters of the new corporation. However, President Gregory says that any number of prominent capitalists and business men of Kentucky are interested in the new concern and district officers for their efficient work that many of the State's strongest done in the district. financial institutions are behind it.

GREGORY CONCEIVED PLAN.

It is understood that the idea of forming the big insurance company was conceived by W. H. Gregory, the president of the Citizens' Life. He says that the authorized capitalization of Southern insurance companies-organized and The West Kentucky Coal Company first Game With Evansville Resulted organizing-now amounts to about twenty millions of dollars, and that these companies now have in force one-third of a billion of insurance ls just three per cent of the total amount carried in the United States.

SECOND GAME.

Friday's game was not quite so close, but Waverly was just as badly shut out by Kraft as the High Arts were the day before, not a hit being made by them during the entire nine innings. Kraft is not a "strike-out" pitcher, but he certainly knows how to make the batter place the ball School building at Marion, Aug. where he wishes, and try as they might, the Waverly batters could not 'tout 'em where they ain't' as Sylvan would say. Marion again played atar fielding game, the work of All workers cordially invited and Guess, Cacan, Kraft, Cooperrider and Dixon in this respect being especially good. George Hancock has

a fine reputation as a pltcher, and deserves it, had his support been better, the score would have been seven hits would have been outs. However, the local boys did enough clean hitting to win, two of their runs being earned.

RESOLUTIONS

much closer, and several of Marion's Adopted by The Methodist Sunday School, Sunday, July 24th. 1909.

The Spirit said, "Blessed are the dead that die in the Lord."

A retrospect of the quiet, dignified, Christian character of Nellie Love, assures us that she is among the dead who are blessed.

During many months of intense suffering, no complaint was ever uttered, but her thoughts were turned away from the body to a higher understanding of her relation to God, and she passed into eternity with the full consciousness that she was a child of God, made in His own image and likeness.

Her life was that of a loving, dutiful daughter, a consistent Christian, and a loyal worker in our Sunday School; therefore,

BE IT RESOLVED: That, in the death of Nellie Love, the church has lost one of its truest members, and the Sunday School, one of its most efficient teachers, one possessing a sincere desire to impart the Truth to those entrusted to her care; and,

BE IT RESOLVED: That the exemplary life which she led and the faithfulness with which she discharged her duties as pupil and teacher, shall be held in great rememberance, and that we shall strive to emulate her lovely Christian character; and.

BE IT RESOLVED: That we tender to her bereaved parents and sister our sincerest sympathy, and pray that they may feel the sustaining influence of Him whose presence is sweetest in these dark hours of grief; and,

BE IT RESOLVED: That a copy of these Resolutions be made in the Sunday School Record, a copy be sent to
